### SONGS TO LISTEN TO AND JOIN IN

Have a listen to some of these songs and join in.  
Some come with activities you could try!

Here are some things you can think about when listening to music:

What pictures do you see when you hear the song?  
Does it make you want to draw or paint? Have a go!

What instruments can you hear?

Can you play along to any part of the song or add your own rhythms or tune?  
You could make instruments, use an instrument you already have or even just  
clap your hands or stamp your feet!

Do you like the song?

Have you heard the song before? What does it make you think of?

How does the piece make you feel? Happy? Sad? Excited?
