### LIMITING THE SPREAD OF INFECTION

I'm sure you will be aware that Tasburgh and surrounding villages have a high number of Covid 19 cases at the moment. We are fortunate that, so far, this has had very little impact on children at the school. It appears that others who have been affected have had initial symptoms that are not described in the standard government guidance - many have started with a cold or sore throat, headache, sickness or diarrhoea. Because of this, we ask you not to send your child into school if they have any of these symptoms until you have tested for Covid 19. This can be done using Lateral Flow Tests which are widely available and free of charge. The latest tests require only a nasal swab, meaning they are much easier to use with children. If this test is positive a PCR will be required. If the test is negative, your child is welcome to return to school—please let the school office know that a test has been completed.

Thank you for helping to limit the spread of infection and keep us all safe.

### A GREAT BIG THANK YOU!

Thank you to the Wood, Leathers, Orford and Packer families who worked together last Saturday to lift and spread a huge amount of bark chippings on our adventure play area. It looks terrific and is now much safer for our children.

### Flu Immunisation

If you haven't already done so, please can you return your Flu Immunisation forms to the school office. Thank you
